

BioVITAM[®]
ORGANIC BIOFERTILIZERS

COMPANY PROFILE

NOVA GARDENS LIMITED

BioVITAM[®]

ABOUT US

Biovitam is an organic biofertilizer approved by KEPHIS (Kenya Plant Health Inspectorate Service) and engineered for maximum efficiency. Nova Gardens Limited is the sole distributor of Biovitam Biofertilizers in Kenya.

Our biofertilizers are specially formulated to:

- Enhance quick recovery from all crop stresses.
- Promote foliage growth, massive flowering, and zero abortions.
- Improve flower and fruit retention and rapid fruit expansions.
- Strengthen resistance against fungal, bacterial, and viral diseases.
- Support heat, frost, and water stress management.
- Enhance fruit taste and ensures quick, uniform ripening.

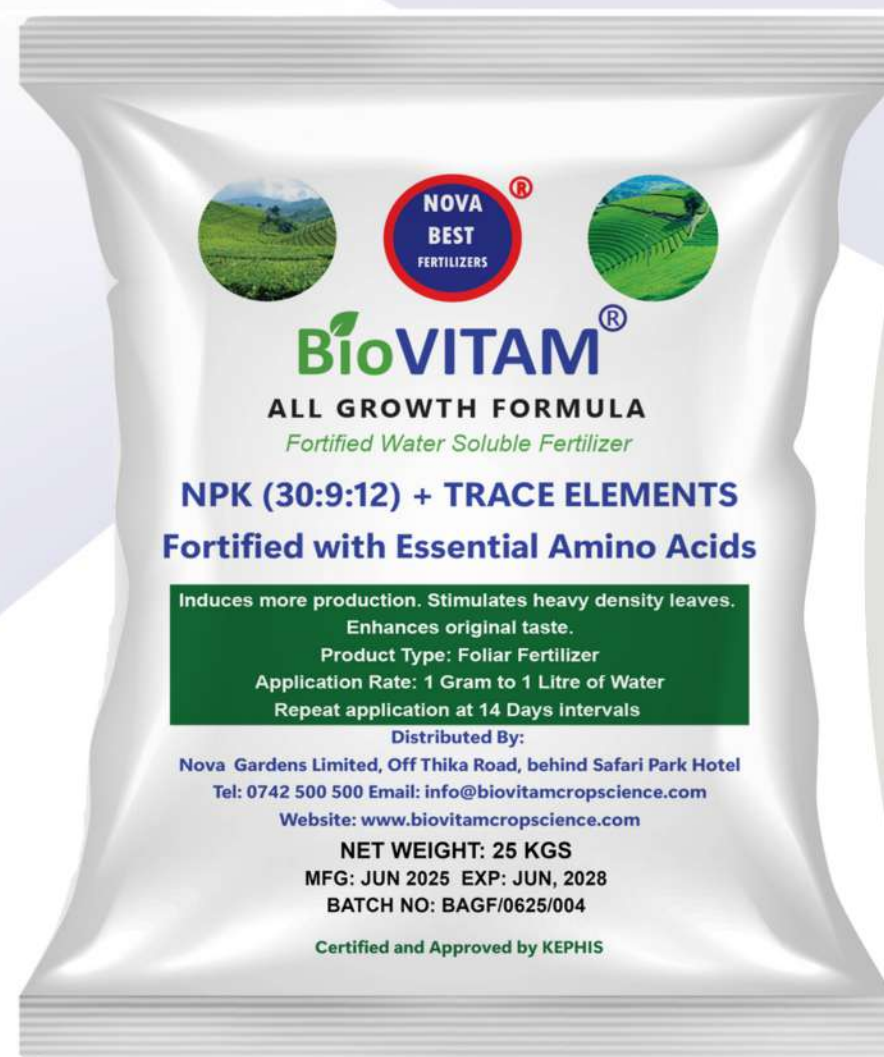

NOVA GARDENS LIMITED

KEY BENEFITS

- 1. 100% Organic Formula – Free from synthetic chemicals, safe for plants, soil, and the environment.**
- 2. Fast-Acting & Quick Absorption – Works instantly at the foliar level for immediate results, fortified with a wetter, sticker, spreader and penetrant for quick and easy absorption.**
- 3. Enhanced Photosynthesis & Nutrient Uptake – Maximizes plant energy and productivity.**
- 4. Stronger, Healthier Plants – Increases resistance to stress, fungi, viral and bacterial diseases.**
- 5. Easy Application – Simply spray and watch your crops thrive.**

PRODUCT RANGE

1. All Growth Formula (NPK 30:9:12 + Trace Elements)

- Promotes chlorophyll pigment synthesis thus enhancing high photosynthetic process
- Promotes protein synthesis hence high plant immunity
- Enhances vegetative growth hence high foliage development
- Breaks apical dormancy hence continuous terminal buds elongation

2. Strong Plant Formula (NPK 10:25:15 + Trace Elements)

- Accelerates wound healing post-harvest/pruning
- Strengthens plant structure & root development
- Enhances tolerance to heat, frost and waterlogging
- Promotes massive flowering

PRODUCT RANGE

3. Calcium Nitrate Formula (20:4:6:3 + Trace Elements)

- Maximizes flowering & prevents abortion (0%)
- Enhances flower/fruit retention and expansion
- Corrects micronutrient deficiencies
- Strengthens cell walls for better fungi, viral and bacterial disease resistance

4. Flower & Fruit Formula (NPK 15:10:45 + Trace Elements)

- Increases flowering & fruit production
- Ensures fruit retention and quick berry expansion resulting in quality, heavy, bigger and sweeter fruits
- Enhances succulence, uniform ripening & long shelf life

QUALITY ASSURANCE

NOVA GARDENS LIMITED

STRICT STANDARDS

Our organic fertilizers are produced under the most rigorous standards ensuring consistent purity and efficacy.

Every batch is manufactured according to stringent protocols, guaranteeing a contaminant-free, high-quality product for our customers.

QUALITY ASSURANCE

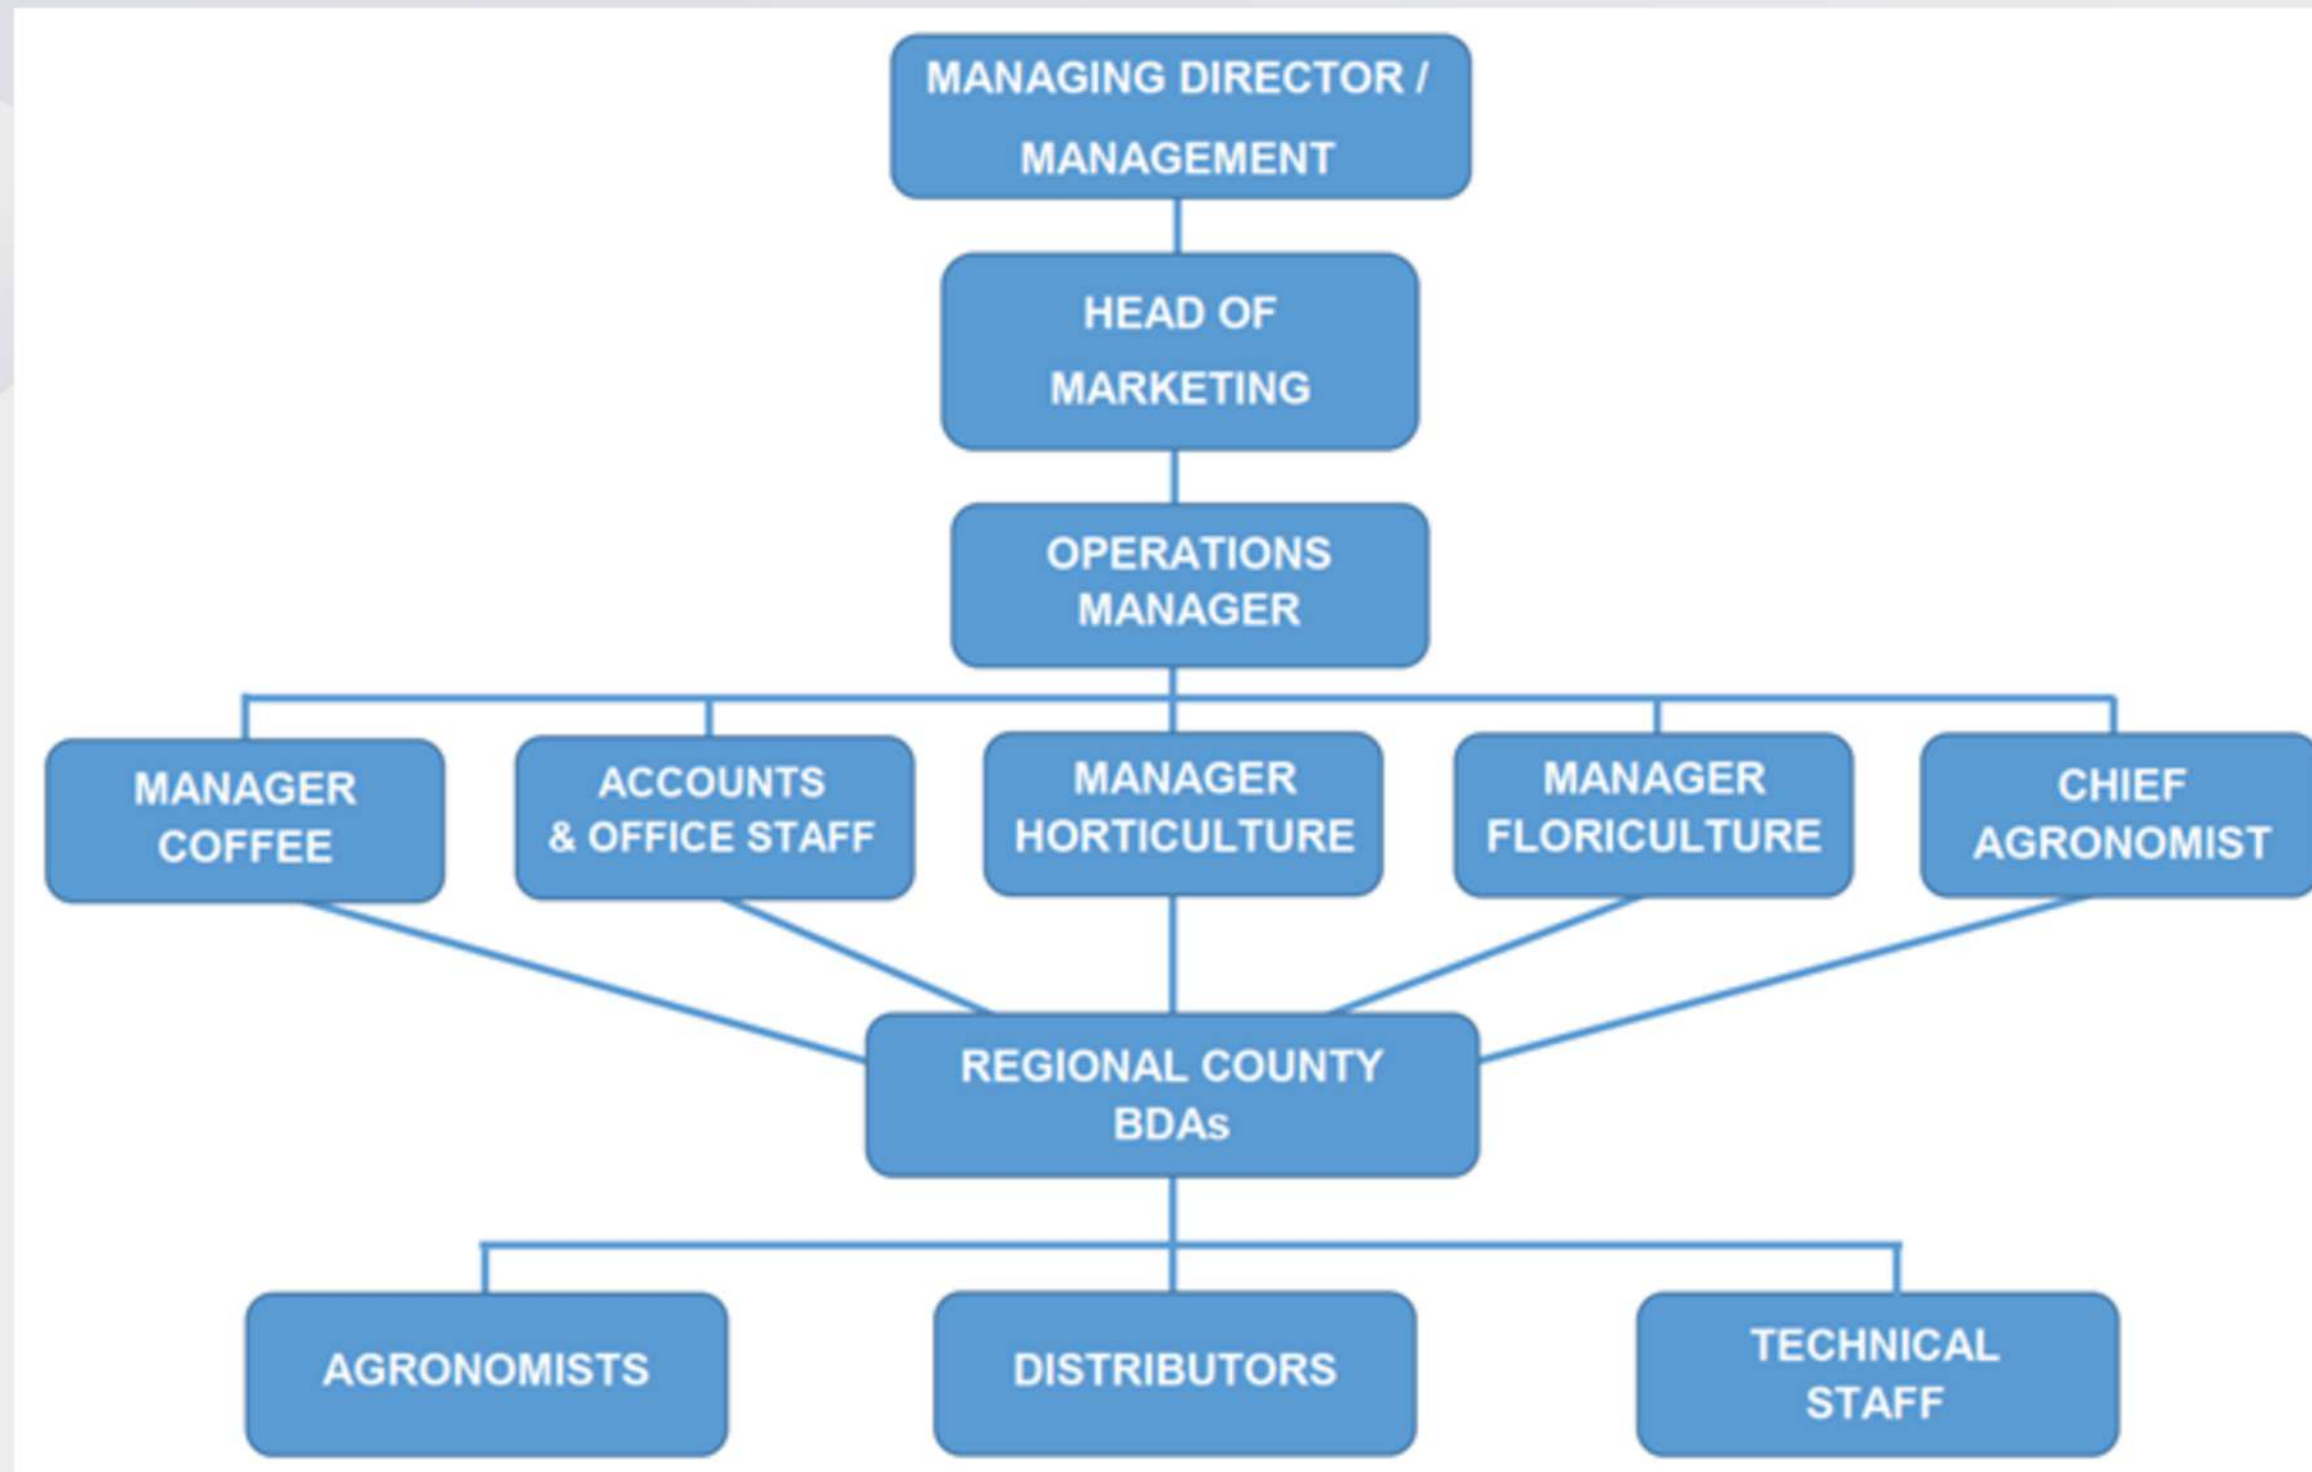

Through a controlled and standardized production process, we transform raw organic matter into a stable, nutrient-rich fertilizer, consistently batch after batch.

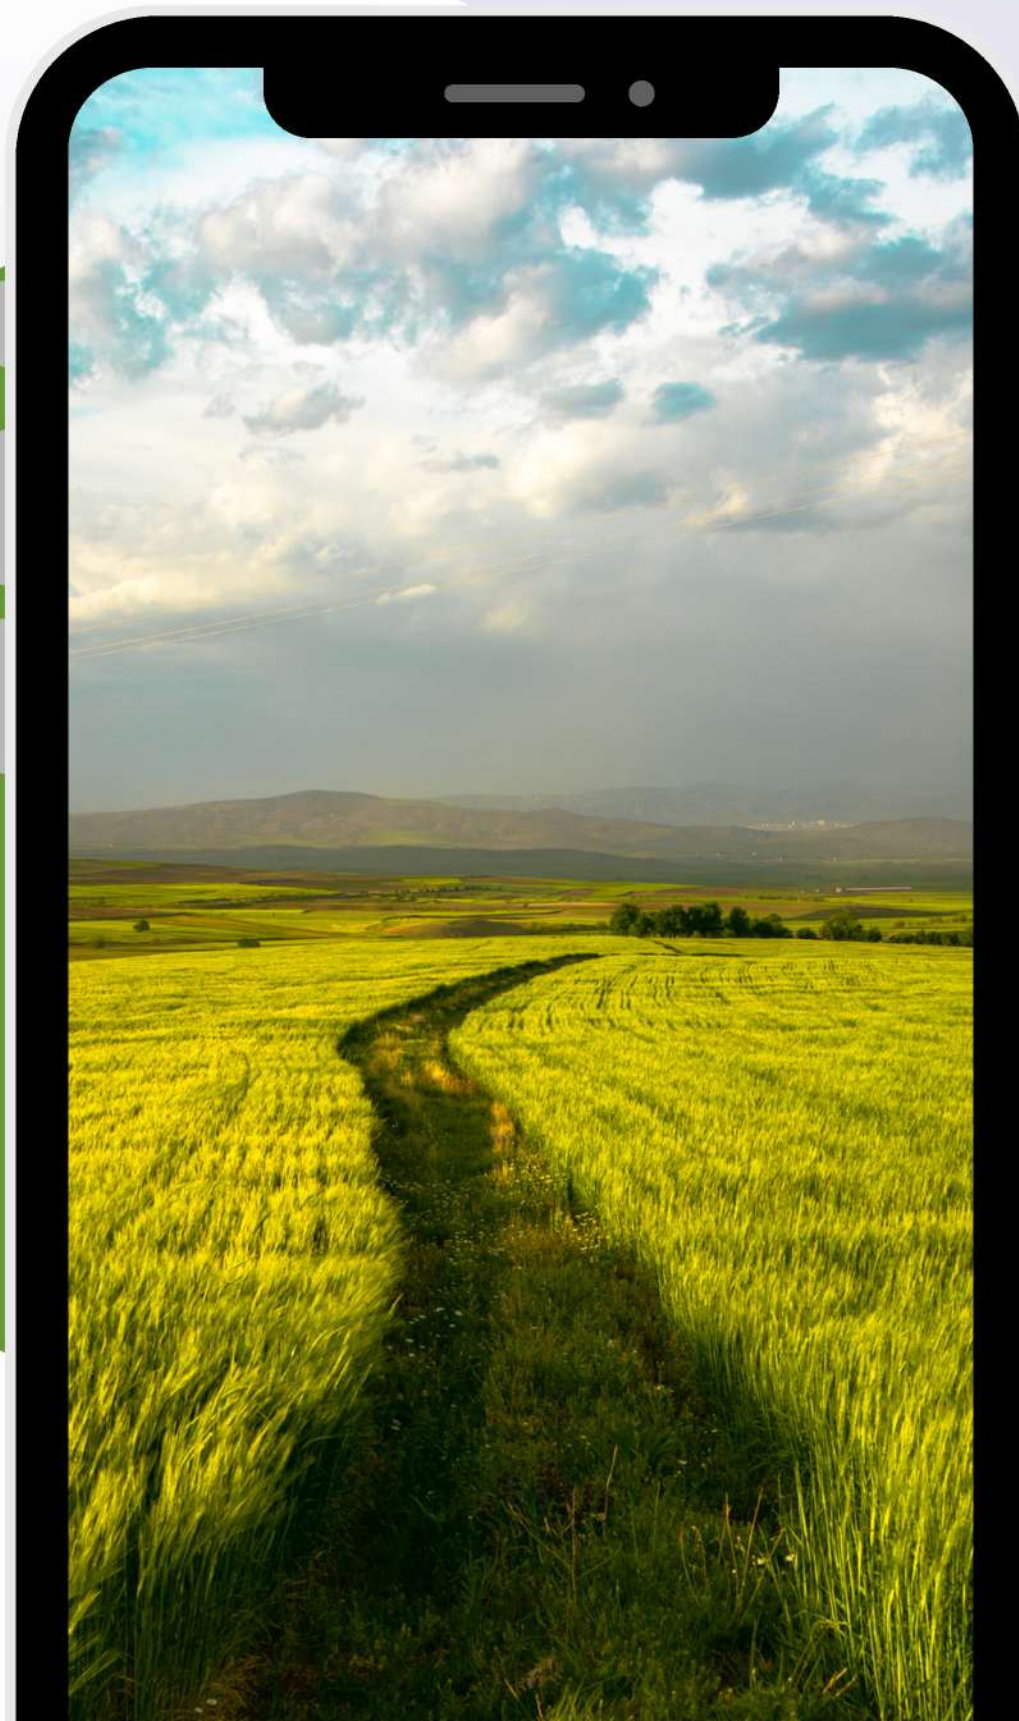

We ensure our products are safe for crops, soil, and the environment, adhering to all relevant regulations.

PROFESSIONAL AGRONOMY

Our high-efficacy organic fertilizers are complemented by the direct, practical support of our agronomists and extension officers across the country ensuring our partners achieve optimal results.

Dear *Director,*

RE: Commercialization of BIOVITAM Organic Biostimulant

The Kenya Standing Technical Committee on Imports and Exports met on 5th April, 2024 and approved commercialisation of the above product with the following conditions;

- The market place label with clear instructions to be provided to KSTCIE
- An import permit to be provided by KEPHIS for every consignment imported

Yours *Faithfully,*

PROF. THEOPHILUS M. MUTUI, PHD
MANAGING DIRECTOR

MINISTRY OF AGRICULTURE
KENYA PLANT HEALTH INSPECTORATE SERVICE
BIOLOGICAL IMPORTATION PERMIT
(Plant Protection Act Cap 324)
Permit No: BIP/231335/2025
Date: 27/02/2025

One copy of this permit must be furnished by the importer to the supplier before the biological shipment is dispatched.

Permission is hereby granted to: **NOVA GARDENS LIMITED, P.O BOX 74502-00200, NAIROBI, KENYA.**
To import from: **WOER FERTILIZER COMPANY LIMITED, ZONE A, TONGCHENG CITY, ANHUI PROVINCE, CHINA.**

The organism described below:

1. Genus, Species, Author : 26,000 Kgs of Biovitam Organic Biostimulant.	5. Location (Nearest Town, province/ State, Country: China
2. Type of Parasite: Bio-stimulant	6. Original host (Genus, Species, Author) N/A
3. Predator of weed..... N/A	7. Stage/part attacked N/A
4. Stage(s) shipped: N/A	8. a) Intended host if different from original... N/A
5. Dates originally field collected... N/A	9. b) Other alternative hosts none
	10. Laboratory host (if different from original host) N/A
	11. Host plant of host pest: N/A

Intended use	Intended Host	Type of release study
A. Immediate field Release	N/A	N/A
B. Lab. Culture with Eventual field release	N/A	N/A
C. Lab. Culture with Study of evaluation only	N/A	N/A

For Commercialization

11. A statement of where the biological agent has already been used and the degree of success attained.....
China

12. Importation of the organism is subject to the following conditions:
Condition of Release
i) The supplier must provide documents endorsing that an authorised officer of the plant protection service examined the shipment of the live organisms and were found to be to the best of his knowledge free from any undesirable species (hyperparasites, pest insects of predators, weed seeds, etc.)
ii) The importation shall be restricted to ...See 11. Above

13. All packing material must be entirely free from soil, live plant material, leaf mould and must be autoclaved before discarding.

*The permit is valid for six months from the Date of Issue, and may be cancelled at any time by the Director of Agriculture or by the officer issuing the permit on his behalf.

Official stamp Signed **MARTIN K. THURANIRA**
For: Director of Agriculture

* Permission hereby granted, subject to any permission or licence required under any other law

SUPPLY CAPABILITY

- **Monthly Supply Capability:** More than 50 x 20 ft. Containers (approximately 1,300 Metric Tons).
- **Our primary warehouse is a purpose-built, well-ventilated storage facility that is essential for maintaining the biological activity and nutrient value of our organic fertilizers.**

NOVA GARDENS LIMITED

BIOVITAM BIOFERTILIZER APPLICATION

Product Details

- **Target (Crop/Area) :** All crops
- **Available Packs:** 100 grams, 250 grams, 500 grams, 1 kg and Bulk Customized Packaging as per the client's needs
- **Product Type:** Organic Foliar Fertilizer
- **Ingredient(s):** Nitrogen, Phosphorus, Potassium, Macro and Micro Elements, Natural Biostimulants and Essential Amino Acids
- **Sticker / Spreader / Wetter Included:** Ensures even coverage and adherence to plant surfaces, maximizing nutrient availability and minimizing waste.
- **Mode of Action:** Systemic
- **Application Rate:** 1 gram per 1 litre of water
- **Application Interval:** 14 days
- **Pre Harvest Interval (PHI):** 24 hours
